

High School Parent Meeting 2018

Notes from Coaching Staff

- ❖ Welcome
 - Thank You for Letting Us Coach Your Kids
 - Introduce Staff
 - Thanks to all of the Coaches Wives
 - Thank You to the parents that have been helping this summer (Committee Members, Media Guide, etc)
 - Please be involved! Help the booster club if at all possible.

- ❖ Policies for Parents
 1. Coaches are Human - We are not perfect. We will make mistakes. With that said our coaches are men of great character, they work as hard as they can, they put in countless hours not only during the week but on Saturday & Sunday, and they truly care about your kids.
 2. Player Communication - If a player has something that is a problem he needs to see the head coach, his position coach, or his HUDDLE group coach. We want to encourage each player to take responsibility for himself as that is an important lesson for life in the future.
 3. No Playing Time Discussions - As a football program we will NOT have discussions regarding playing time. We, as coaches, spend countless hours evaluating and discussing playing time and always try and do what is best for the team.

- ❖ Attendance
 - Doctor's Appointments - Make Appointments Outside of Practice Time
 - **Communication** (Double Reminders for No Communication)
 - Weekends
 - Bus rides home from away games (Must Ride the Bus Round Trip).

Notes from Booster Club President
